
(a) Sermeq Kujalleq
Greenland, 150 m grid (667 × 401), 25 yr
(b) Pine Island Glacier
Antarctica, 1 km grid (469 × 564), 100 yr
(c) Mendenhall Glacier
Alaska, 50 m grid (354 × 409), 25 yr
Surface speed at t = 0 (m yr⁻¹)
10 km
50 km
2 km
Grounding line at t = 0
Grounding line at the end (reference run)
Flowline of (d–f)
(d)
(e)
(f)
Grounding-line change along the flowline (km)
Time (yr)
Neural network run (N = 20)
Reference run
